500	1/2" pins
5	1" pins
1	Red fur
1	Gold rhinestone tape
2	Holly leaves
1	Hymnal book
2	Pattern Insert

Other Items Needed:

Ruler or Seamstress tape

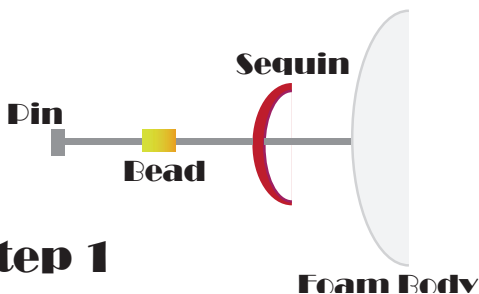

Scissors

Household Glue

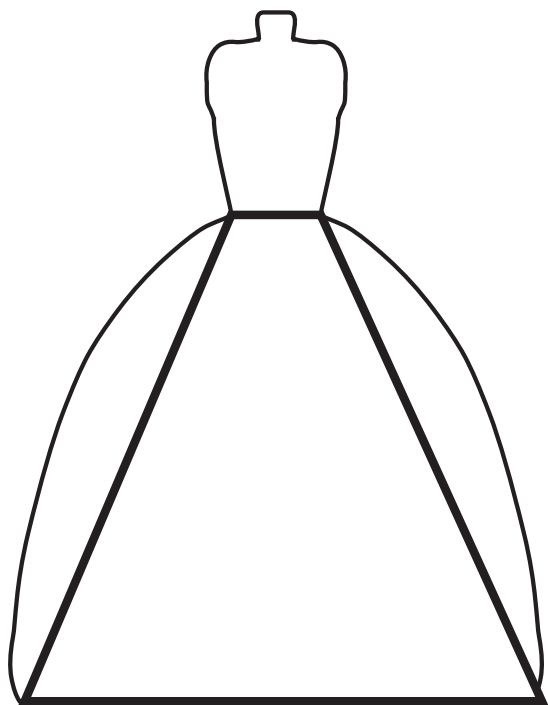

Sharpie or similar marker

Bead tray or shallow container

Glasses (if you're like me)

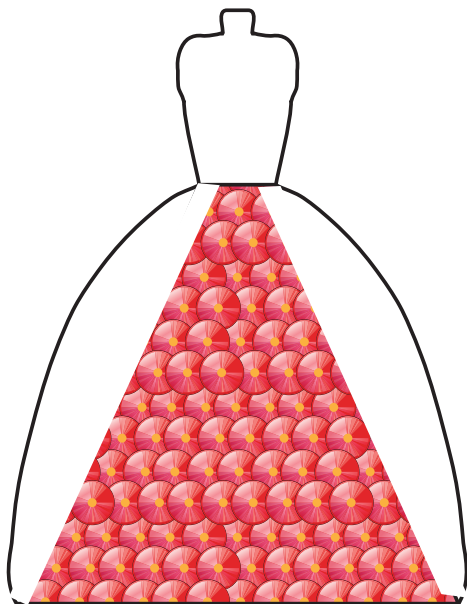

Step 1

Step 2:

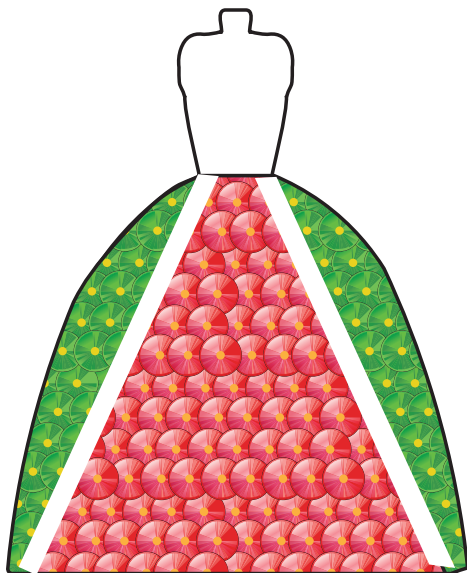

Lightly draw lines as shown on the front of the skirt, using a folded piece of paper as a guide.

FRONT

Step 3:

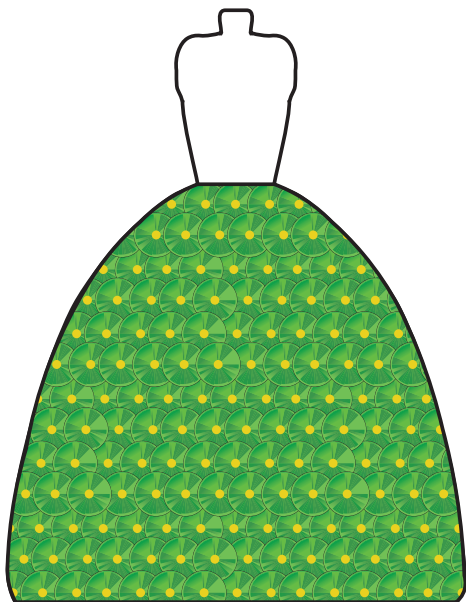

Attach Red Sequins: Start at one line from step 2 and attach red sequin units with gold beads to the front center of the skirt. Slightly overlap them as you go, stopping at the other line.

FRONT

Step 4:

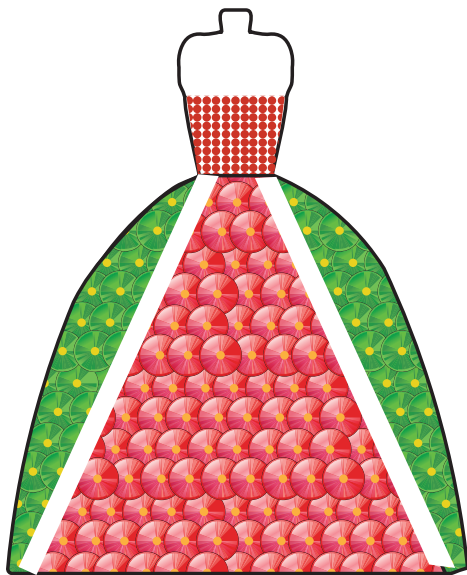

Add Green Sequins: Cover the sides and back of the skirt with green sequin units, leaving a small gap between the red and green sequins.

BACK

Step 5:

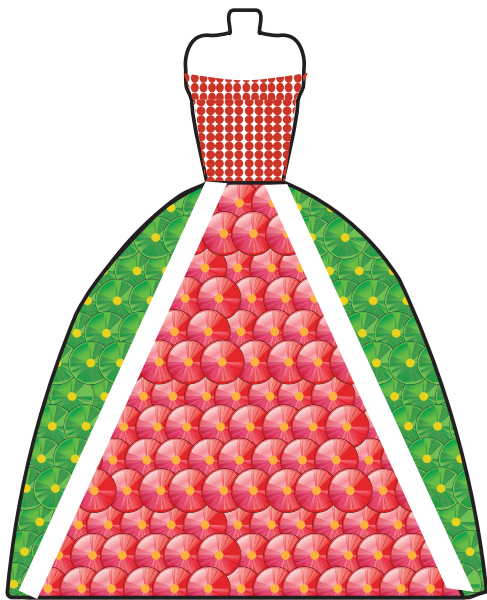

Finish Sequin Coverage: Stop when the back of the skirt is fully covered with green sequins.

FRONT

Step 6:

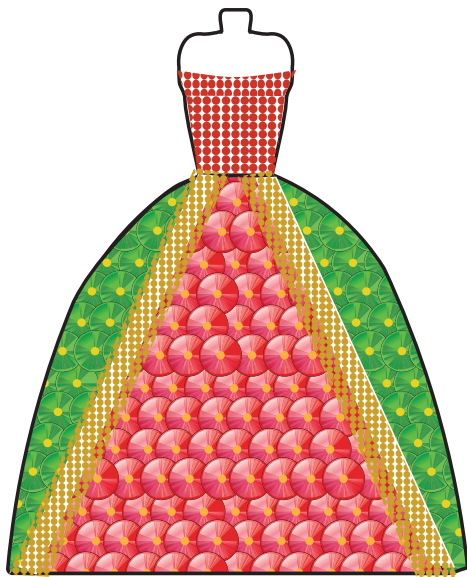

Add Rhinestone Tape to Bodice: Wrap 9 row x 2.75" section red rhinestone tape around the bodice, aligning it with the waist. Cut to length and stick it on.

FRONT

Step 7:

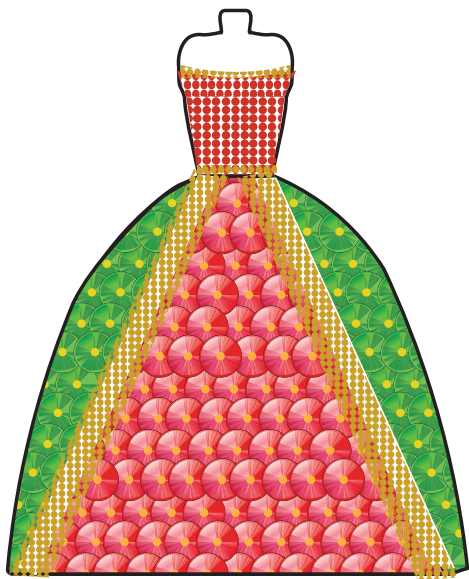

V-Shape Bodice Detail: Trace the “V” shape from the the bodice top pattern onto the red rhinestone tape. Cut, and stick it above the tape from Step 6 on the front side of bodice.

FRONT

Step 8:

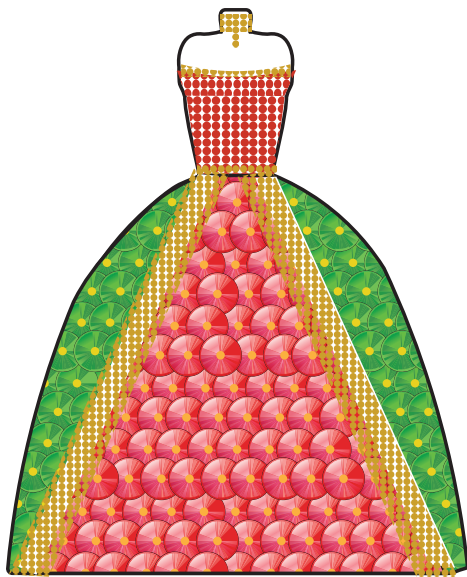

Cover Sequin Gap: Cut two 3.5" pieces of 3-row gold rhinestone tape and place them over the gap between the red and green sequins on the skirt.

FRONT

Step 9:

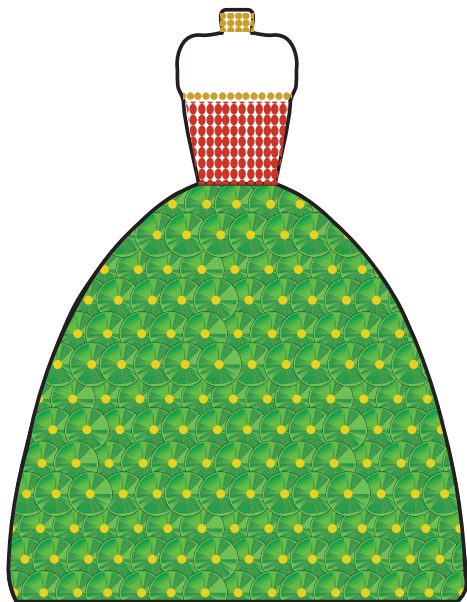

Add Rhinestone to Waist and Bodice neckline: Cut a 5" long by 1-row piece of gold rhinestone tape and wrap it around the waist. Cut to length. Then wrap remaining tape around bodice top, starting from the back and meeting in the front.

FRONT

Step 10:

Neckline Detail: Wrap a 2-row piece of gold rhinestone tape around the neck and trim to fit. Stick it on, then cut a 2x1 gem tape piece for the necklace.

BACK

Step 10 Back:

The back of doll should look like this.

Step 11a

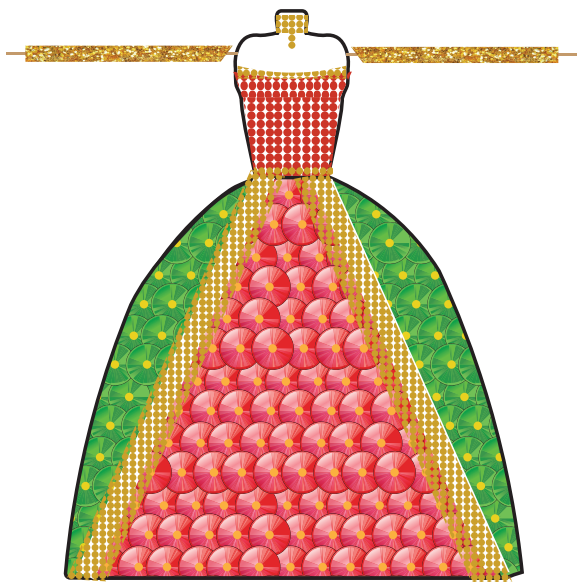

Step 11b

Step 11a:

Cut the glitter tube in half to get 2 equal length pieces. Angle one end of each piece slightly.

Step 11b:

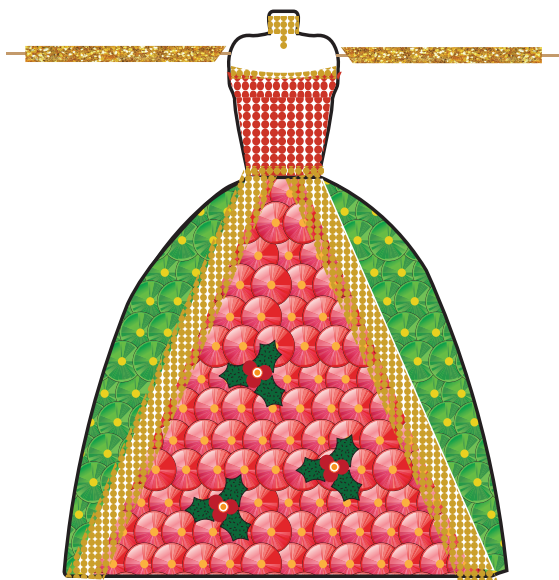

Slide one of the glitter tube pieces over the arm wire. The angled end should be towards the center of the wire.

FRONT

Step 12:

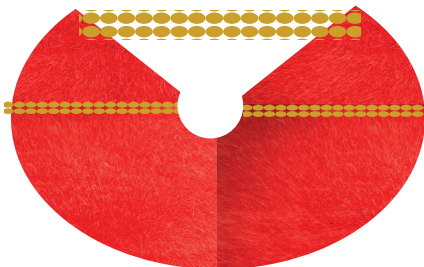

Insert the bare end of the arm wire through the hole in the shoulder until the glitter tube is against the shoulder. Then twist the remaining glitter tube over the bare wire. Adjust the wire and glitter tube so that the arms are the same lengths with 1/4" of bare wire exposed at wrists.

FRONT

Step 13:

Pin Holly to Skirt: Pin 3 holly leaves to the skirt using white beads and $\frac{3}{4}$ " pins.

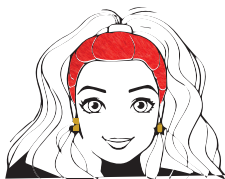

Step 14:

Make Cape: Cut the red fur cape using the Cape pattern. Add 3 pieces of 2-row x 1" gold rhinestone tape to the sides and front of the cape as shown.

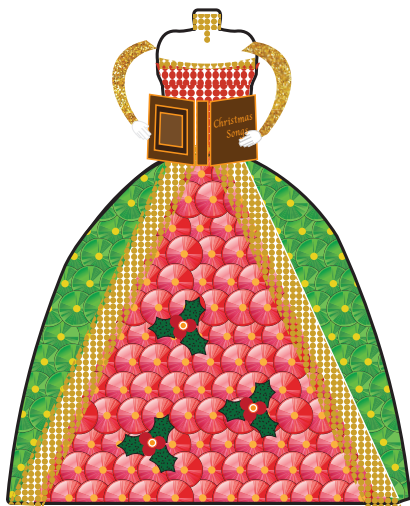

Step 15a

Step 15b

Step 15:

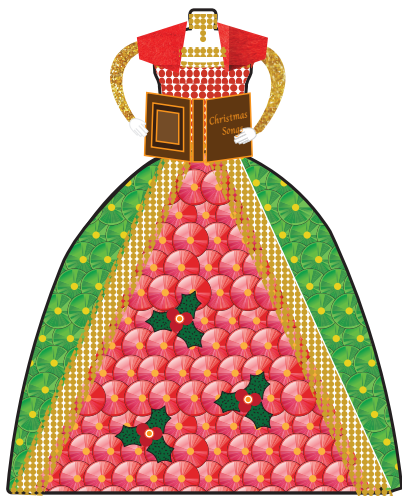

15a Make Headband: Use Headband pattern to cut fur fabric and glue one edge to form a tube. Insert 6" wire thru tube. **15b** Center the headband on the doll's head, and twist the wire ends together at the back. Trim extra wire if desired. Stick 2-gem gold rhinestones to the ears for earrings.

FRONT

Step 16:

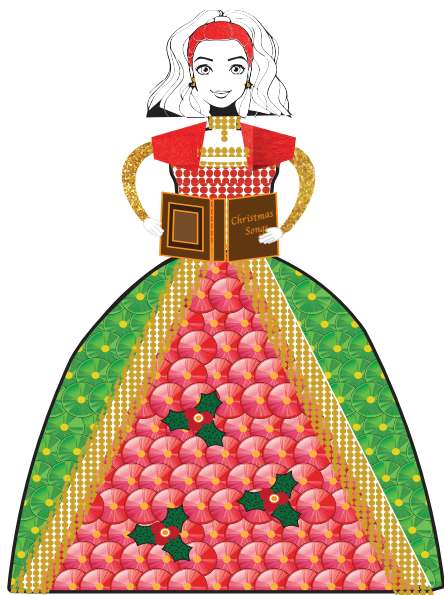

Attach Hymnal: Glue the hands to the hymnal book. Allow them to dry for an hour. Then push them onto the wrist. Be careful to put the right and left hands on the matching side of the hymnal. Adjust the arms as desired.

FRONT

Step 17:

Attach cape made in step 14. Drape cape over shoulders. Reposition the gold rhinestone front clasp to hold the cape in desired location.

FRONT

Step 18:

Final Assembly: Insert the head into the neck hole, and adjust the head and arms for the desired pose. Enjoy the beauty of your creation!
